## Editorial Staffs of the Missourian Make Their Salaam to the Readers With This Issue of the Paper

With this edition of the 1938-39 Missourian, we, the new staff make our bow to the faculty, the student body, the alumni, and our readers in general.

We welcome this opportunity to serve the College and the Student Body through this newspaper; we hope to retain the same high quality of the paper in the past, and with our new make-up and our able faculty supervision, to further improve this, your newspaper.

We welcome the criticism of our readers, it is through their eyes that our editing shows its need for change or revision. This is your paper and together we hope to put it on the top rung of the ladder of journalism.—P. S.

## "Hold That Pep" Is the Bearcat Theme for Tonight's Football Game

Tonight the Bearcats start their home season of football games with Midland College of Fremont, Neb. We want the Bearcats to fight but they need everyone's support. Come out and help them win!

A football team has great need of two things; ability and morale. Coaches Milner and Stalcup say the men have the ability and the crowd can give them the morale. Imagine a good football game without a crowd to cheer the players on to better efforts!

It is the duty of all who cannot actually participate in the game to come out to the field and encourage the team. Just standing around and diffidently watching the game will not help any!

We are going to have capable cheer leaders out on the sidelines, but even they can't do everything. If you do not know the College yells look in the back of your College handbook and learn them now before the crowd gathers, so that you can join in all the yells at the top of your voice.

Don't stop yelling when the team is losing or when the "breaks" are against the players; that is just the time when they need your support most! Don't forget that their morale is lowest in a crisis and that the crowd can then help win the game.—J. G.

## The Songs We Sing Often Contain More Truth Than Poetry

Do you ever stop to think just what the words of the songs you sing really mean? There is more to a song than merely a melody or rhythm; there is thought and idealism expressed that often escapes the singer.

In that grand national song, "America, The Beautiful" you will find these words: "Confirm thy soul in self control, Thy liberty in law!" In those few words you will find volumes, they might be said to amount to a creed which is based on the Golden Rule.

In those words lie the explanation for much of the lawlessness and disorder that so disturbs the peace and tranquility of America. If all citizens of America were to practice the art of self control, there would be but little necessity for law enforcement officers, for our many prisons, for such unnecessary deaths caused by auto accidents due to speed, carelessness, taking chances and similar causes. Labor strikes and disputes would not end in such barbarous activities as fighting and killing of fellow workers. Even in such an activity as leaving the auditorium, if each and every student exercised self control, there would be no pushing and shoving but an orderly and sane retreat.

"Thy liberty in law!" Law is not meant to be a means of hampering, and encroaching upon

the individual rights of the individual. It is meant to be a rule of guidance, within which the person is free, at liberty to live his life as he sees fit.

Too few people stop to think about America, truly the land of opportunity, "the land of the free and the home of the brave." But a few glances at any newspaper will show you that, with all our faults and troubles, America is still the best place to live, and live happily, on the whole of this small globe, the earth. P. S.

## From the Dean . . .

I saw the team play Peru. In fact, I watched the game from a point of view not altogether based on my knowledge of football. I traveled with them, stayed in the same hotel with them, ate with them, watched them dress for the game, listened to the coach talk to them between halves, and heard them discuss the game on the way home. I listened to them talk about the affairs in Europe. I heard them discuss their class work and the many other topics which young men discuss. I learned something about this team of ours that I want the student body to know.

They take this game of football seriously. They settled down to work when Peru had the ball within scoring distance, and won the game for the Northwest Missouri State Teachers College. They came off the field after a substitution with a smile and a realization that the men who took their places would carry on to the best of their ability. Ragged playing in spots—yes—but nothing that will not be ironed out in the practice periods which lie ahead. Some nervousness on the part of those who were not veterans, but this will wear off as the season advances. A championship team? I do not know, but this I do know: a team that will finish in the upper division of the conference and one of which the college can be proud.

I am sure there is no need for me to urge the student body to be in the stands at each game helping the team carry the green and white to the glory that should be ours at the end of the season. The game is not won by the eleven men on the field. It is won by the combined efforts of the scrubs who battle along day after day to help make the varsity what it is, by the untiring efforts of the coaching staff, and by the loyal support which comes from the student body in the stands.

But I said that I had learned something else about this team of ours. These men are interested in many things, and are eager to do their share in the affairs of the world. They are considerate of the rights of others. They are hard hitting, clean tackling football players, but best of all, they are gentlemen.

J. W. Jones.

## About the College

**A Notice in a Peru, Neb.,** dressing room last Friday night attracted the attention of many of the Bearcats who played football there as well as many of the fans who visited the room after the game. The sign read:

Iv ve don't  
vin

Maryville

The final score was: Maryville, 33; Peru, 0.

Many Students in the College have asked about the rotogravure section which is usually published with this paper, "Collegiate Digest." Since many universities and college in the nation, who also receive the "brown section," do not open until late in September, the publishers of the Digest do not release the picture edition until the first of October. The Collegiate Digest will be distributed with **The Northwest Missourian** next week, and with the exception of a few weeks, will be distributed every week of the school year hereafter.

**The Bearcats Open the Season** of home games tonight when they meet the Midland College eleven from Fremont, Neb. It is the custom of members of the student body to sit in the bleachers on the east side of the playing field. The reason for the establishment of that custom is obvious—it groups the students together so that the entire body may act as a cheering section. Cheer leaders have been elected by the Student Senate, and they will be on hand to lead the yells and songs tonight. Every student should make it a point to be on hand at the game to co-operate with the leaders in cheering the Bearcats on to victory.

**Everyone Out For the First** home game of the season tonight!

I suppose, Uncle Jim, you remember a good deal about the politics of the early days?

Wal, I never tuk much in'trust in pollyticks, but I kin recollect when J. C. Fremond was elected President.

Fremond? Why, Fremond wasn't elected! He warn't? Wal, now, that gits me! I heerd a leadin' speaker talk the night 'fore election, an' he said if John C. Fremond warn't 'lected the country would fall to rack and ruin an' everybody would have to shut up shop. Course I didn't take no papers; but noticin' that things went on 'bout th' same as afore, I calculated John won. So he warn't 'lected! Wal, B'jinks, that shore gits me!

## CAMPUS CAMERA

THE UNIVERSITY OF WASHINGTON OFFERED A SPECIAL JANITORIAL COURSE DURING THE LAST SUMMER SCHOOL SESSION.

## Round the Campus

**Last Week We Spoke** of a grand old tradition of the College; that of assembly attendance. This week we'd like to speak of something which isn't exactly a tradition, but which is a custom of long standing. By this we mean abstaining from cutting paths across the campus. Our campus is remarkably well arranged as to walks and cinder paths, and it is unnecessary to try to get somewhere a little sooner by cutting across the lawn. Of course, it is said to be a little easier on feet to walk on the soft greensward, but it's a lot easier on the greensward if we will all confine our strolling to the beaten paths. Preceding classes of students have helped preserve the beauty of our campus in this manner, and we think it would be well to offer a word of warning before it is needed, instead of having to offer a paragraph of chastisement later on. In a tour over the campus while I had this column in mind, I could only find one place where a path was being cut, and that was at the gymnasium. This has been a problem at the gym for a long time, and none too subtle signs have been placed in front to try to correct this difficulty. While Bacon or Newton may not have been responsible for the discovery that "GRASS WILL NOT GROW UNDER YOUR FEET" it is still an elemental truth.

**The General Consensus** of opinion concerning the new style of the Northwest Missourian seems to be that it will be very well liked as soon as the students become accustomed to it. The paper is more modern in style, and will have a great many new and interesting features. The staff and the sponsor are doing all they can to try to make the Missourian more interesting, and of a greater value to the students. The new style is a decided step forward in this line, and we congratulate them—Mr. and Mrs. Paschal Monk gave a very entertaining assembly program last Wednesday— and speaking of assembly, the practice of the other classes remaining seated while faculty and seniors leave the auditorium seems to be a good idea—it is hard to hold a group of students when they are standing, but when they remain seated it would be much less difficult— if the "colym" appears disconnected and wandering, I'll have to explain that I'm being run from one typewriter to another and my sequence of thought is disrupted each time.

## Educational Cocktail

By Helen J. Reed

One day last summer it was hot. I was down in the library studying my Sociology but there weren't any teachers around to make good impressions on so I went out in the hall. I went up on second floor and down the west end of the corridor. Right around room 224 and 229, you know. There I found a few vacant inches between two school teachers sitting on a bench.

They neither one seemed to have mastered the Art of Conversation so I had to start taking Sociology notes again. All the class room doors up in that end of the corridor were wide open and I suppose the instructors

Seriously, the school year is starting out well, and it is our problem to keep it going to the best of our ability and this we can do by exercising common sense, and respect for property. Let's care for our campus as well as we can. Look at it from the Administration building second or third floor windows any of these sunny fall mornings and see if you don't agree with me.

## Rules For Bulletin Board

1. All announcements must be typewritten.
2. All announcements must be dated and signed.
3. The person who posts the announcement is responsible for its removal when it is no longer needed.
4. Students are asked to cross out their names when they have attended to a matter on an announcement, in cases where names are listed.
5. Any announcement not complying with the above regulations will be removed by the Student Senate.
6. POSTERS. All posters are to be placed only on the Bulletin Boards at the South and East entrances of the Administration Building. They are not to be placed at the bottom of other Bulletin Boards.

Students and Faculty are asked to observe the above rules in order that the Bulletin Boards can be maintained in good condition and be kept readable at all times in order to facilitate the best use of the Boards.

## The College Postoffice

The Student Senate maintains a postoffice in the College Bookstore for the convenience and assistance of the Student body. Student mail that is not addressed nor delivered to a particular address is sent to the Bookstore, and students should make it a point to go to the postoffice and ask for this mail. This request is made in order to keep the postoffice as clear as possible and to insure the students receiving their mail as soon as it is possible after arrival. So drop in to the Bookstore, you may have some mail and watch the Bulletin Board, a list of those having mail in the bookstore will probably be posted early next week.

had to speak loud enough to keep the students awake. Anyway when I got to Sociology class the next day my notes were a Sociological mixture of Zoological Education or Educational Zoology—Sociology or something worse. For instance: "Group life is natural, just as variation, heredity and reproduction are due to a speech made in January 1933 by the President of a Joint Commission of the Emergency in Education. Functioning to meet the immediate crisis in Education the Cell Theory was accepted by Biologists. Groups less closely united than those having racial bones are capable of cell division, a simple reproductive event for educational plan-

ning and academic freedom. Renewed activities of recent years for the passage of state legislation, require teachers and school officials to take oaths of allegiance to the individual who refuses to conform to the demands of the group of many living organisms found in two square feet of soil.

Adjustments mean larger growth for the whole group yet it is questionable to call attention to freedom of expression of teachers. These will be found classified under Phylum I, Porifera (Sponges) Subkingdom B, Metazoa.

A more conservative classification of group life as a form of social organization is that the flatworms are triploblastic, creeping animals, with body much flattened and with pronounced bilateral symmetry. In the

### WHAT DO YOU THINK ABOUT SUCH?

"Edator, why don't you have a collar where as a fella could write to you and get a date—a lot of College fellas are scared to ask for a date."—Capaha Arrow.

Few men are lacking in capacity, but they fail because they are lacking in application.—Cvin Coolidge.

Stafford: In my front yard at home we have a lilac bush 40 feet high.

Gund: I wish I could lilac that.—Mo Miner.

## The Stroller . . .

**News Flash!** The young ladies living in the dorm are all atwitter. Why? Because the increased male enrollment caused by the N. Y. boys gives each girl a better chance for a dancin' partner.

I wonder if any of the boys have any thing to do with the change noticeable in Margaret Wilsa a dorm girl who used to be quite shy.

Martha Sue Zimmerman and Paul Linds have been seen together quite often lately. I understand that they were together much more high school.

Just because you are interested in each other is no reason why you should argue all the time. Is it not true?—Raymond Khuder and Evangelin Barton?

The Stroller believes that Ruth Morrow and Patricia Turner are capable of "getting around" without the help of their brothers.

Why did you go to the football game Friday night—Hattie Richards? To see Zuchowski or game? From the greeting you received I think you went just to see "Zuke."

It seems that Arnold Lasley and Harold Wisman should get together and decide peacefully who is to have a date with Betty Byers. Tut, tut, boys, war never decided anything!

Of course you've heard of that Frosh in the clothing Class who thought that Western Union meant a Cowboy's red flannels.

CIRCLE—A round, straight line with a hole in the center.

Among men, higher forms of operation develop a marvelous complex biological mechanism; the present program in many schools needs some modification. Schools have in recent years given more attention to the various stinctivities already described. ants and modern social studies therefore, have not yet learned to rescue millions from a life of poverty.

Individuals and groups proper toward the elementary grades who the external ear functions as an trumpet for gathering the possibilities of wider use of the school by the community.

## Results of Rush Week Activities Are Announced by College Greeks

### Campus Sororities and Fraternities Name Pledges For Fall Quarter

#### Sigma Mus Pledge Seven Men Wednesday

Gamma chapter of Sigma Mu held pledge initiation for seven men Wednesday night, September 28, at the fraternity house. Those pledged were: J. B. Taylor, Harold Bruggeman, Maryville; J. Bailey, Rock Port; Edwin Hall, St. Joseph; Vincent Lipsett, New Hampton; Jean Schermer, Stanberry; and Robert Dunham, Bethany.

#### Sigma Taus Lead With 19 Pledges

Delta chapter of Sigma Tau held a pledge service for seven men Wednesday evening, September 28, at the chapter house. Pledges of Sigma Tau Gamma are: Wilhelm, Jackson; Fay Lisle, Ivan Schottel, King City; Ed Bird, James Manley, and Er Bird, Maryville; Bob Alpert, Flammang, Sedalia; Bob Bright, Booneville; Keith Harris, Gowd, Davidson, St. Joseph; Bill Hager and Kirtley Neal, Moberly; Vern Vogel and Joe Baker, Hamilton; and Bob Stevenson, Bethany; Glen Breckenridge, Smithville.

#### Sigma Sigma Sigma Pledges Nine Women

Alpha Epsilon chapter of Sigma Sigma Sigma sorority held pledge initiation for nine women at the chapter room Wednesday night. Maxine Daniel, president of the chapter presided. The pledges for the fall quarter are: Emma Isabelle Brown, Olive Jo Saunders and Betty Jane Tarpoley, Maryville; Roberta Utterback, Trenton; Betty Lou Byers, Burlington Junction; Jane Clinkenbeard, DeKalb; Helen McDonald, Weston; and Georgia Collison, Clinton.

#### Nine College Women Pledge Alpha Sigs

Phi Phi chapter of Alpha Sigma Alpha held initiation for nine women Wednesday evening, September 28. Pledging services were in charge of Mary Turner, president of Phi Phi chapter. Pledges of Alpha Sigma Alpha are: Mary Kyger, Stanberry; Mary Margot Phares, Maryville; Delore Hunter, Fairfax; Betty June Harzelm, Louisiana; Virginia Adams, Mount Moriah; Patricia Turner and Helen Crouch, King City; Coleen Huiatt, Mound City; and Lavona Stalcup, Oregon.

#### Alpha Theme Used Alpha Sig Formal

Phi chapter of Alpha Sigma Alpha held its annual formal rush for the fall quarter Thursday, September 22, at the Country Club at eight o'clock.

Country Club was decorated with Alpha Sig Dude Ranch. Music furnished by Mrs. Cleo Yehle. Mr. Pete Sobbing of Maryville. Dances were distributed by Dorothy Egley, daughter of Dr. and Mrs. Egley.

Special 'cowboy dance' was given by Cook and Betty Claire Walcott and their accompanist, Mrs. Bloomfield. Mr. Sobbing led singing, and Mrs. Yehle and Sobbing sang range songs while students were served.

Dances entertained were: Erma, Patricia Turner, and Helen, King City; Betty June, Alexandria, Louisiana; Emma Isabelle Brown, Mary Margot Phares, and Ena June Garrett, Maryville; Lavona Stalcup, Oregon; Arlene Tyson, Skidmore; Virginia Adams, Clarinda; Virginia Adams, Moriah; Evelyn Dow, Springfield; Mildred Hackett and Delore Hunter, Fairfax; Coleen Huiatt, Mound City; Edna Marie Hagee, Iowa; Mary Kyger, Stanberry; Allene Englehart, Gallatin; and one Miller, Bethany.

Guests were: Miss Mary Fisher, daughter of the Pan Hellenic Association, and Mrs. Charles Bell, Jr. Miss Mac present were: Mrs. Clun, Mrs. F. M. Townsend, Mrs. Kuchs, Miss Lucille Groh, Mildred Flitz, Miss Ludmila, Miss Elizabeth Planck and Miriam Waggoner, sponsor of Phi chapter.

Hostesses at the party were: Mary Turner, Irene Bohnen, and Mary Frances Sutton, Booneville; Marjorie Perry and Ed Caton, Mound City; Nyda, Harriet Lassell and Dorothy, Maitland; Maudeen Walker, Virginia Page, Bedford; Rose, and Helen Smith, Oregon; Cumrutt, Kansas City; and Jane Hamilton, Iris Eber, and Mary Ann Bovard, Maryville; Mary Louise Turner, Hopkins; and Maxine Nash, Norborne, a

J. Riley Henry, formerly Matter, B. S. 1933, writes to Cooper that she and Mr. Henry are living in Pittsburg, Penn., where Mr. Henry is manager of the Schick Shaver Service, and that she anticipates ending her study of piano.

## Educational Films Shown Here Thursday

The first of a series of educational films to be shown by the College elementary and secondary schools was given yesterday in the College Auditorium.

Mr. Homer T. Phillips, chairman of the Department of Education, and Mr. Herbert Dieterich, principal of the College High School, announced that there will be a series of fifteen units, to be shown every two weeks. The films shown yesterday were "Cinderella," a juvenile film, "A Trip to the Moon," science, "Houses of the Arctic and Tropics," geography, "Game Birds," a nature study film, and "Follow the Leader," a health film.

The college students are extended an invitation to see these films. A unit will be shown at 10:00, 12:00, and 1:00 o'clock in the auditorium every other Thursday.

## The Missourian Is Habit With Hadorn

"The Northwest Missourian seems to have become a habit with me and I don't seem to be able to get along without the news from M. S. T. C.," writes Hubert Hadorn, a graduate of the College in the class of 1938 who is at present teaching in the high school at Whitewood, S. D.

"I have a fairly heavy teaching load and as we use the forty-five minute period I don't have to exert myself," Hadorn writes. "Room and board is just about like it is in Maryville. I have friends living in Sturgis and Belle Fourche and they have certainly been showing me all the scenic spots in the Black Hills.

"I am really fond of this country and feel sure I will enjoy my work here this year. I am going to try and ski this winter as we have a good ski hill just north of the town. It probably won't be long until winter sets in here as we have already been having frost and a number of people have been using their fur coats during the forenoon.

"I hope the Bears have a successful football season." Hadorn, whose home is in Savanah, has a major in social science and a minor in English. His letter was received in the office of The Missourian this week.

Miss Katherine Helwig, department of mathematics, received a letter this week from Sarah Frances Rowlett who attended the college during 1932-35.

Miss Rowlett has been in California since leaving here, attending the University of Southern California. She now has her Master's Degree and has been appointed as a substitute in the Long Beach schools. She is now living in Long Beach.

## Dexter Harvey to Be Wed October 14 At St. Joseph

Rev. and Mrs. C. H. Sauceman of Maysville this week announced the approaching marriage of their daughter, Miss Frances Sauceman, to Dexter Harvey, son of Rev. and Mrs. B. B. Harvey of Columbia, formerly of St. Joseph. The wedding will take place at 8 o'clock Friday evening, Oct. 14, at the Hyde Park Methodist church in St. Joseph, with Rev. Sauceman and Rev. Harvey officiating.

Miss Sauceman completed her work in nurses training at the Missouri Methodist hospital in St. Joseph Sept. 14. She was graduated from the Braymer high school in 1933. Miss Sauceman is now on private duty as a nurse in St. Joseph. Mr. Harvey was graduated in 1932 from the Cowgill high school in the class of 1932, and has had summer work at the College and at Missouri University since graduating from high school. In 1932-33 he attended the St. Joseph Junior college.

Mr. Harvey, who is a senior in the College, will receive the Bachelor of Science degree, with majors in social science and commerce, at the end of the winter quarter this year. At present he is a representative in this area for the Northwestern Mutual Life Insurance Company.

Mr. and Mrs. Harvey, after Oct. 16, will be at home at 403 West First street. A wedding trip will be taken by the couple during the week-end of Oct. 14-16.

## Open House to Be Held by Sigma Taus

Sigma Tau Gamma fraternity will hold open house after the football game with Midland, Nebraska, Friday, September 30.

Chaperons for the occasion will be Mr. Roy Ferguson, sponsor of Sigma Tau Gamma; Dr. Ruth Smith, director of personnel for women; and Miss Dorothy Truex, assistant director of personnel for women.

Patronize the Missourian Advertisers

## Varsity Villagers Hold Initial Meet

The first meeting of the Varsity Villagers council was held in Recreation Hall Tuesday, September 29, at four o'clock. Plans for the year's activity were considered.

It was decided that regular council meetings should be held the second and fourth Tuesdays of every month at four o'clock in Recreation Hall. Dr. Margaret Ruth Smith and Miss Dorothy Truex, director and assistant director of personnel for women of the college, attended the meeting. Helen Estep, president of the organization, presided.

## Social Recreation Discussed at Y. W. And Y. M. Meeting

The Y. W. and the Y. M. held a joint meeting Thursday evening at 8:30 p. m. in Social Hall. The meeting was opened with group singing followed by a brief devotional program. Catherine, Needles, Parnell, played a piano solo and the Varsity quart sang several selections.

Short talks on various phases of "Y" work were given by officers of the two organizations. Donald Hepburn, Hopkins, spoke concerning religious work. The subject of social recreation was discussed by Alice Woodside, Independence. Elizabeth Matheny, Westboro, and Leland Hamilton, Bedford, Ia., gave reports of camps they visited this summer.

Miss Matheny attended the Y. W. and Y. M. camp at Hollister, Mo., and Hamilton was a counselor in a Hi-Y camp at Versailles, Mo. Following the regular meeting, initiation services were held for Y. W. girls.

## Chambers, Slagle Take Mu Active

Gamma Chapter of Sigma Mu Delta held active initiation for Ivan Slagle, Stanberry; and Curtis Chambers, Burlington Junction, at the fraternity house on West Seventh street, yesterday afternoon.

## Misses Waggoner, Truex Are New Pepper Sponsors

The Green and White Peppers, women's pep organization, has elected Miss Miriam Waggoner, chairman of the department of physical education, and Miss Dorothy Truex, assistant director of personnel for women, honorary sponsors of the organization.

New members of the Peppers are: Mary Jo and Betty McGee, Harris; Winifred Caton and Virginia Lee, Mound City; Mary Margot Phares, Emma Isabel Brown, and Marguerite Thorp, Maryville; Gloria Paz Santos, Bagio, P. I.; Leni Alano, Zamboanga, P. I.; Mary Kyger, Stanberry; Virginia Adams, Mount Moriah; Ruth Morrow, Plattsburg; Lavona Stalcup, Oregon; and Marjorie Powell, Stewartsville.

Old Pepper members and officials for the year are: Marjorie Perry, Mound City, president; Elsie Salmon, Maryville, vice president; Marianna Obermiller, Jackson, secretary; Maudeen Walker, Holt, treasurer; Marie Holding, St. Joseph, captain; Mary Ann Bovard, Betty Lindley, Mary Jeanette Anthony, and Bernice Owens, Maryville; Margery Cumrutt, Kansas City; Virginia Gibson and Frances Kueker, St. Joseph.

The Peppers will give a stunt at the football game with Midland, tonight, Friday.

## Graduate of College Visits Here Wednesday

Alphonse Graves, A. B. 1936, visited at the College on Wednesday and with friends in Maryville. Mr. Graves is now employed in the sales department of the Timely Events Company the advertising department for World Wide Photos.

Mr. Graves is on the road at the present time and works throughout the United States. At the present time his headquarters are in Chicago. Last fall however, he spent two months in China as representative of his firm. He plans to work in the vicinity of Maryville during the remainder of this week.

## Lawler Loses Trousers But Saves Money

Several college students suffered the loss of most of their personal effects last Friday morning when fire of undetermined origin started on the third floor of a rooming house owned by Mrs. C. N. Williams, located at 1102 North Walnut street.

Charold Roberts and Verne Lawler who occupied the third floor, suffered a complete loss of their belongings. Lawler was fortunate in finding a badly charred billfold of his that contained a rather large sum of money.

Other students that stayed at the rooming house but did not receive much loss except from smoke and water were, Loy Mullenax, Charles Gilland, Leon Mitchell, Lee Barber, Ferdinand Corgez Meadows, and Maurice Barrett.

## ACE Holds Tea for Primary Majors

The Association for Childhood Education gave its annual tea yesterday afternoon, in Social Hall from 4 until 5 o'clock.

The Tea was for the purpose of acquainting all kindergarten-primary majors on the campus with the organization. The A. C. E. program for the coming year includes visits from Miss Jennie Wahlert, A. C. E. national president and Miss Mary Leeper, A. C. E. national executive secretary.

Officers of the A. C. E. are president, Mary Schmeling, Atchison, Kas.; Mary Jo McGee, Harris, vice president; Dorothy Lassell, Maitland, secretary, and Virginia Millikan, Gravity, Ia., treasurer. Miss Chloe Millikan is the faculty advisor.

## Students Are Invited To Speech Clinic

Dr. J. P. Kelly, chairman of the Speech Department of the College, again announced that all students who have speech defects are urged to take advantage of a speech clinic, which is being arranged by the department.

Dr. J. P. Kelly urged that all faculty members report to his office names of students who are defective in speech. He will hold consultation with such students in his office in Room 301 from 10 to 11 o'clock daily. This is a splendid opportunity for students to receive aid in overcoming their speech defects.

We know you like the good things of life. That you relish the keenest sense of pleasurable satisfaction in being carefully clothed.

You are not the kind of a man who wants something for nothing. But you are wise in wanting full value for every dollar.

And that's just what you get in a CURLEE Suit or Topcoat for Fall. If this wasn't true we'd have as much chance of selling 'em as a bow-legged girl in a chorus.

We've found that many of the men who lead in life's parade in these parts have worn CURLEE CLOTHES for many years.

That's why we want you to see yourself in a CURLEE Suit or Coat. They fit like the skin on a grape . . . and the STYLE!

Well, that's all we've got to say, except for our last time—Do come in!

\$2.50 less than last Spring!

Priced \$20 and \$22.50

Splendid values in young men's Suits—  
Sizes from 32 to 38 at \$12.50 to \$18.50

TWO KINDS: WASHABLE AND PERMANENT

The Perfect Combination,  
Quink PLUS the Parker Vacumatic Pen

## Even the Finest Fountain Pen Performs Far Better

When Filled with this Modern Ink . . . A Marvelous Creation!

Created by Parker to guard pens from pen-clogging inks . . . Ends 69% of the fountain pen troubles

There is not—and never has been—any other pen designed to handle all kinds of inks—good and bad—as well as the revolutionary Parker Vacumatic. One reason is that this modern invention has no rubber ink sac, no lever filler, no piston pump. It is filled by a simple diaphragm, sealed in the top, where ink can never touch or decompose its working parts.

And its patented Television barrel lets you SEE the level of ink at all times—see when to refill. This pedigreed Beauty of laminated Pearl and Jet is everywhere acknowledged to be the grandest pen ever created. Yet even this Guaranteed Mechanically Perfect pen can be plugged up by the grit and gum in ordinary writing inks.

Hence to guard the celebrated Parker Pens from pen-clogging inks, Parker experts developed this utterly new kind of writing ink—called Quink—an ink that actually cleanses any pen as it writes.

This is done by a secret ingredient, wholly harmless. It dissolves the gum and other troublesome particles left in your pen by ordinary inks. It makes your pen a self-cleaner—cleans as it writes. Parker Quink is full-bodied, rich, and brilliant.

Never watery or gummy. And it dries on PAPER 31% quicker than average, due to stepped-up penetration. Yet Quink costs no more than ordinary inks—small bottles, 15c and 25c.

If you use an ordinary pen, you need Quink even more than does a Parker Pen owner to keep it in writing condition. If you use a Parker Pen, you'll be thrilled and surprised by the way it performs when filled with Quink. For until we created Quink and the Parker Vacumatic Pen, there never was a really scientific writing combination.

Those who can afford the best will not rest until they have them both. The Parker Pen Company, Janesville, Wis.

## Maryville Downs Peru Bobcats in Initial Contest By Score of 33-0

### Power in Bearcat Line Plus Aerial Attacks Net Victory Over Nebraskans

Showing plenty of power on line plays as well as an efficient aerial attack, the Bearcats buried Peru under a touchdown avalanche on their own field last Friday night to walk off fifth the season opener 33-0.

Sparked by McLaughlin's thrilling interception and 68-yard run-back of a Peru pass, the Bearcats launched a touchdown parade which brought twelve points in the first quarter and quickly settled any doubt as to the outcome.

Despite Friday's decisive victory, however, the Bearcats are still one behind on wins over a period of years. Since the series started, Maryville has won but four games while the Bobcats have managed to get away with five. Two games ended in ties.

A squad of thirty-six Bearcats made the trip; and all but one of them got two quarters of playing time as Coach Milner and Stalcup tried various combinations of players. Clifton Cox, veteran end, was the lone Bearcat who failed to see action. Cox was held on the sidelines by a shoulder injury which has hampered him all season.

#### Maryville Kicks Off

Pelc opened the game with a kickoff to the Peru 5-yard line. The Bobcats returning to the twenty-five. After an exchange of punts, Peru suddenly came to life and for a moment Maryville seemed headed for a bad night. Mixing two forward passes with several ground-gaining line plays, the Bobcats garnered three consecutive first downs and marched straight down the field to Maryville's fourteen-yard line before being halted. At this point, Marion Rogers nailed the ball carrier for a one-yard loss on the first down. Walker was in fast on the next play to give the Bobcats another setback. An attempted pass was knocked down by alert Bearcat halfbacks, and after another fruitless line play, Peru yielded the ball on downs. Bernau kicked out of danger to end the Bobcats only serious threat of scoring.

Peru failed to gain on a line buck and then tried a pass from the 50-yard line. McLaughlin intercepted on the 35 and raced behind splendid interference to the one-foot line. From there, Pelc, Maryville fullback, plunged over for the first counter of the ball game. His kick for extra point was wide, however, and the score remained 0-0.

Pelc kicked off to the 5-yard line, and a Bobcat halfback returned to the twenty-seven before being smacked down by Marion Rogers. The first line play was stopped for no gain by Irvine, Maryville tackle. A reverse gained only a yard and Peru quick-kicked to the Maryville 45. McLaughlin picked up 14 yards on the first play for the Bearcats initial first down on the Peru 41. Bernau was good for 11 yards and another first down on two stabs at the line. Bill got four more to put the ball on the 21 from where Baker took it over on an end-around play. Pelc's try for placement was again wide, and the score read Maryville, 12; Peru, 0.

**Second Quarter Yields 14 Points**  
Peru returned Pelc's kickoff to the 24. A line play gained a yard as the quarter ended. On the first play of the second quarter, Peru fumbled on their own 31, Walker recovering for Maryville. Kurtwright picked up three yards. Darr gained one at left end, and Kurtwright passed to Curtiss on the 14 for a first and ten. Paxson, Bearcat freshman halfback, came into the game at this point and scored on the next play. Kurtwright's placement was good to make the score 19-0.

Maryville sent in an entire new line. Reital entered the game at halfback. Kurtwright kicked off to the 30, Peru returning to the 37. Unable to fathom the Bearcat defense, Peru was forced to kick. Kurtwright

lost eight on a bad pass from center and Reital kicked to the 25. Peru lost 15 yards on a holding penalty and kicked to the 48. Maryville lost 15 for three consecutive off-sides penalties and Reital kicked to the 30. Peru fumbled and Kurtwright recovered. Kurtwright picked up 14, and Schottel got four to make it second and six on the fourteen. Peru took time out. Maryville fumbled and Peru recovered on the 15. Woods went in at quarterback for the Bearcats. Peru was forced to kick, and on the first play Woods rounded his own right end for 30 yards to the one-yard line. Schottel went over standing up. Kurtwright passed to Curtiss for the point, making it 26-0.

Reital kicked off and Peru returned to the twenty-six. Two pass attempts went for naught and the Bobcats kicked. Reital passed to Hiett for 16 yards and a first down as the half ended.

#### Second Half

Coach Milner returned his starting line-up to the game to open the second half, but throughout the entire third period the Bearcats were unable to click. Both teams put up an excellent defense, and the resulting punting duel was about even. Maryville received two 15-yard penalties, one for holding and one for talking. Peru fumbled once, the ball being recovered by Green, Bearcat tackle.

The fourth period began with an exchange of punts which soon found the ball in Peru's possession on her own 30-yard line. Here Green, playing a great game at tackle, again recovered a Peru fumble to set the stage for the final Bearcat touchdown.

Paxson was good for a first down on the 24, from where Kurtwright passed to Darr for a touchdown. Kurtwright then passed to Litton after a fake kick for the extra point to make it 33-0 and end the scoring. The game ended a few moments later as Peru intercepted a pass from Reital on the 25-yard line.

#### College Graduate Undergoes Appendix Operation

Mr. Wilbur Stalcup, Department of Physical Education has received word that George Adams, B. S. 1931, who is now coaching at Armstrong, Iowa, has just undergone an operation for appendicitis. Mr. Adams is at the Coleman Hospital, Estherville, Iowa.

## College High Opens Football Schedule Today

### Team Will Play at Fortescue High in Six-Man Encounter

Eighteen boys, comprising the College high school six-man football squad, will leave this noon for Fortescue to play their opening game in the "275" Conference this afternoon.

Coach Everett Richards, who will accompany the squad, said the game is being played a week earlier than scheduled, thus the boys have had only two weeks of practice.

The starting line-up will probably include: Paul Hunt or James Shell playing center; Eugene Broderick and Dale Donahue at end positions; and Jack Garrett, Billy Hoshorn, and Herschel Bryant playing in the backfield at quarterback, halfback, and fullback, respectively. Others that will probably see action, according to Coach Richards, are: J. D. Courtney, Chilton Phelps, Dean Groff, Earl Pope, Dean Huff, Pete Noblet, Junior Ulmer, Ted Baker, Clarence Tobin, and J. T. Henggele.

Practices, which are held from 11-12:45 every day, have been easy and not many "stiff" workouts have been held because of the lack of equipment, but, quoting Richards, "there is good spirit and the boys seem to be willing. I believe our boys will rate with the best. I'll have as good a defensive team as there is in the conference."

"Westboro," Richards added, "is the team to beat because they have had 11-man football in past years. But watch out for College high. We'll be in there fighting hard."

#### HONESTY WINS REWARD

Charles (Chuck) Graham is pretty sure he has at least one honest youth in his manual training class in the high school where he is teaching at Raytown.

Chuck, who graduated from the College here in 1932 with a major in physical education, was surprised when Bill (Chisel) Davis came to him last week with greenbacks and gold certificates worth \$230 which he had found in an old picture frame. He was going to remove the back from the frame so that he could reduce it to a smaller size, when he came upon the bills neatly folded in small piles inside an old newspaper.

Coach Graham with the broad shouldered young center on the Raytown football team took the bills to Miss Dora Durham, to whom the picture frame belonged, and presented the surprise teacher with the money. She explained that the picture frame had been in the family for forty-four years, but never once had she ever guessed how valuable a possession it really was.

Miss Durham presented Chisel with a \$10 bill a reward for his honesty. "I think I'll just keep it," he said later fingering the reward.

## Bearcat Claws . . .

by ken lawson

Showing unexpected power, the Bearcats really went to town in the game last Friday at Peru. The Bearcats won by a score of 33 to 0, in case you didn't read anything but this column. Such conceit!

At the start of the game it looked as if the going might not be so easy for the Bearcats. Both teams punted before a first down was ever made. Then the Bobcats started a drive that netted them three first downs, incidentally the only first downs that they made in the whole game.

Happened to notice in a dope column of another sports page that Maryville and Warrensburg were playing tune-up games last week. According to that worthy scribe both MIAA teams were slated to win, with Maryville having the hardest game. Maryville won 33 to 0 while Warrensburg suffering a 14 to 13 loss at the hands of Tarkio. They can't even guess our power.

According to previous reports the Bearcats are low on reserve strength in the line, but the Peru affray would be a help toward discounting such reports. The line material looked

rather promising to say the least.

Tonight we may be able to gauge the power of the Rolla Miners when they meet St. Louis University in their first scheduled game of the year. They, my friends, have a good team and if your humble correspondent may be so presuming as to say so, they will win the MIAA conference race this year, if they can beat Maryville. If - - -

Maryville has one of the best teams in years this year. And so, people, how about really getting behind them tonight? Let's give them some of that moral support we hear so much about.

Midland will undoubtedly bring a strong squad here tonight, due to several things. In the first place they have ten lettermen back this year. And this year for the first time freshmen are eligible at the Fremont, Neb., school, this will prove to be an important factor, because we hear they really have some good freshmen prospects. Last year the Bearcats lost by a 6-0 score, but it's going to be different this year. Good luck Bearcats!

## Coach Stuber Rates Bearcats, Rolla High in Conference

### Cape Mentor Says Two Teams Will Be Toughest to Beat in M. I. A. A.

Coach Abe Stuber, mentor of Cape Girardeau Indian football teams, last week rated Maryville and Rolla to be the toughest teams to beat in the Missouri Intercollegiate Athletic Association. The following was taken from last week's edition of The Capaha Arrow, student publication at Cape Girardeau Teachers College:

Based upon veteran material and years of service at the five MIAA schools, Maryville and Rolla will be the two toughest teams in the conference this year.

Coach Stuber rates Warrensburg and Kirksville next, with his own Indians about on the par with the Springfield Bears, at least on paper. The loss of too many experienced men, he reports, has hurt the Indians but they will have a fighting team from start to finish of the season.

**Good at Rolla, Maryville**  
Rolla and Maryville have an abundance of seasoned material with the Miners possessing a group of men who played together during the last three years.

Warrensburg's squad will be made up mostly of sophomores and juniors. Kirksville has a team of juniors and

senior men, but the loss of several stars of last season through graduation will slightly weaken them.

Cape Girardeau and Springfield are possessors of the two largest crops of freshmen in the conference. Springfield men will be working under a new coach, "Red" Barry, formerly of Ohio State university.

**Freshmen Look Good**  
The Indian's freshmen squad this year is the best looking one since 1934. In that year, a large and well-coached group of men entered school and carried the braves through four successful seasons. Coach Stuber reports that the new men this year have more ability than any first-year group since that time.

## Women in the Sports

By Harriet Harvey

W. A. A. has been quite busy this week with board and business meetings, getting everything under control for the coming season. The executive board of W. A. A. met last Monday afternoon and discussed some plans for the social calendar of the coming quarter, a soccer game to be played soon, the tennis tournament which is soon to be played, and other business which must come before the executive board before it may be presented to the W. A. A. members. The board is composed of: intramural manager, Marie Holding, St. Joseph; president, Mary Jo McGee, Harris; vice-president, Gladys Miller, St. Joseph; secretary-treasurer, Mary Frances Barrock, Maryville; publicity director, Marianna Obermiller, Jackson; hockey manager, Virginia Bosch, Maryville; minor sports manager, Doris Austin, Gentry; and the sponsor, Miss Mariam Waggoner.

The W. A. A. members held their regular meeting last Tuesday afternoon at the gymnasium. Plans which the board had discussed were brought before the members. Harriet Harvey, Tarkio, was elected swimming manager for the fall quarter. It was decided to have an exhibition soccer game played under the lights as soon as possible. Nadine Malone, Clearmont, Ia., and Irene Bohnenblust, Pattonsburg, were elected captains of the teams for the game by acclamation.

The minor sports manager, Doris Austin, announces that tennis may be played for W. A. A. points any time now. The game must be played on the College courts and must be played with other girls, not necessarily W. A. A. members. A slip telling the date, the time and the person with whom the game was played, must be placed in the box in Miss Waggoner's office door not more than forty-eight hours after the game is played if credit is given. Twenty-five points are given in W. A. A. for playing twelve hours of tennis during the quarter. Only one hour may be played each day. The same rulings apply to golf, except that fifty points are given for twelve hours of golf at the Country Club. Hiking is also one of the sports sponsored by W. A. A. this fall. Hikes may be taken with a group headed by the minor sports manager and twenty-five points may be made this way at one point per mile. A group of women will start from Residence Hall tomorrow morning at 8 o'clock for a hike. Everyone is invited to go on this hike who cares to come.

Hockey practice is still being held up by unavoidable circumstances at the gym, but as soon as possible hockey will really start in earnest. There are a large number of both new and old girls out for hockey already, and more are wanted. It isn't too late yet to join.

#### Dance Club

Dance club got under way last Tuesday night with a meeting and a program in the auditorium. The

## Rules for College Golfers

1. College students are not allowed to play golf on Sundays or holidays at the Maryville Country Club unless they pay greens fees.
2. Girls wearing high heel shoes are prohibited from playing on the course.
3. No group larger than a foursome is allowed to play on the course together.
4. College students are not allowed to loaf in the clubhouse.
5. College golf clubs are not to be used over two hours, or the person having the clubs out will be subject to a fine.
6. Replace all torn turf.
7. Observe the rules of golf and play accordingly.
8. Use only the putter on the greens.
9. College students are urged never to "cut across" on club members or to be discourteous to them.
10. Clubs may be checked out after 4 o'clock unless special permission is obtained from Robert Long, this year's golf instructor.

## College Debaters to Hold Meeting Monday

There will be a meeting of all college men and women who are interested in joining the College Debate team Monday, October four o'clock in Room 400.

Dr. J. P. Kelly, chairman of Speech Department and sponsor of the team, urges not only people who are taking speech work but anyone interested in debate to attend. Freshmen are particularly invited to attend.
